

DAILY RECORD

TUESDAY, SEPTEMBER 22, 1873.

LOCAL ITEMS.

Accidentally Shot.

Yesterday morning an accident occurred. Three young gentlemen went out of town some distance on the High-land road, to practice shooting with a Henry rifle. When they had reached a point opposite to the ravine in which is situated Lawson's slaughterhouse, about a quarter of a mile west of the Record office, they placed a target on one end of a wood pile about six feet high. This wood pile is on the opposite side of the road from the slaughterhouse, which is about three hundred yards distant from it. The target was placed on the end of the pile opposite to the ravine, and the marksmen went out towards the valley about 150 yards.

After they had been firing for some time, one of them went up to the target for some purpose, and whilst there he heard a man groan. He went up the road towards the slaughterhouse, and found a man, who said he was shot, lying by the roadside. The young man called his companions, and the three took the wounded man to the slaughterhouse. His name is Charles Horton, and he was employed by Eliza Lawson. He had been sitting in the door of his cabin when suddenly he felt that he was shot. He arose and attempted to walk into town, but after having come about fifty yards, he became exhausted, and fell by the roadside. The ball had entered the back of the left thigh, and penetrated a distance of seven or eight inches, ranging downward. One of the three unfortunate marksmen, hurriedly ran into town, and procured a conveyance, and the wounded man was taken to the County Hospital. The wound, which is a very painful one, has been examined and is pronounced to be dangerous.

In this connection, we would remind those who often go to practice with firearms below Lime Point, that very often the missiles from their weapons come into dangerous proximity with the persons in the County Hospital. They should be more careful, or they may have the same cause for regret as those of whom the above item is written.

District Court—Fuller, Judge.

In the District Court yesterday, the following business was transacted:  
In the case of Jos. L. Jacobs, (forgery) a "nolle prosequi" was entered.  
The case of W. H. Thatcher (forgery) was continued for the term.  
In the case of H. Wilcox (grand larceny) a jury was obtained and the trial will proceed to-day.  
The case of K. J. Hanly (embezzlement) was continued till the first Monday in October.  
The case of J. P. Malloy was continued until next Monday.  
Mr. McMahon was a witness in the Wilcox case, was fined and sent to jail for contempt of court.  
Mr. Mulvihill was required to give bonds to appear to-day as a witness in the same case, but was afterwards allowed to go on his own recognizance.  
The court adjourned until 10 o'clock this morning.

Justice's Court—Van Hagen, Judge.

Jennie Kirk was brought up for assault and battery. She pleaded guilty, and repented for it to the amount of \$25.  
James Quillen was brought up on a charge of assault and battery. Twelve of his countrymen found him guilty of the crime, and he will appear to-day at 1 p. m. for sentence.  
John A. Steele came before the Court on a charge of assault and battery with a deadly weapon. The case was tried by a jury, who found him guilty of the crime charged. He appeared, to receive sentence, at 6 p. m., and Justice Van Hagen fined him \$100 and costs, amounting to \$108, with the alternative of going to the County Jail for eighty-four days. The case will be appealed. Meanwhile Steele is under bonds in the amount of \$250.

Accident to a Miner.—On Sunday

in the shaft of the Amador Tunnel, an accident happened to John C. Bastien. He was on the 212 foot level, and was going down to work on the 11 o'clock shift. There is a bucket attached to each end of the rope which is raised and lowered by means of a windlass. Bastien stepped into the bucket which was to take him down, but the bucket on the other end of the rope had been detached, and down went the bucket, and down went the miner. Bastien was hoisted to the top in a few seconds, and conveyed to his cabin on McCann street. Dr. Bergstein was called, and he examined the injuries, which are severe but not serious. There is a shallow cut on the left side of the back about ten inches long, and the calf of the left leg is badly lacerated. Bastien was sleeping when our reporter visited him, and it is expected that he will soon recover.

CONTENT OF COURT.—Yesterday, in

the District Court, Mr. M. McMahon, a resident of Hiko, on hearing that the trial of Wilcox, in which trial he was to be a witness, would not come off until to-day, informed the Court that he had been here too long already, that there was no use in staying longer, because Wilcox would get free as the rest had done, and that he was going back to Hiko. He started out of the court-room, and Mr. Mulvihill, who was in about the same position as McMahon did, saw him, and called him back. The Judge thought otherwise, however, and by his order the Sheriff followed the gentlemen named and prevailed on them to return. McMahon was sent to jail for contempt, and Mulvihill was given into the custody of the Sheriff until he should give bonds for his appearance. Finally, however, the latter, whose offense was comparatively slight, was allowed to go out on his own recognizance.

ROSE HANNA.—Yesterday our citizens

of the Jewish faith suspended business on account of a religious holiday. The day seemed to be much enjoyed, also as a day of recreation and pleasure. Rose Hanna is the Jewish New Year, and is generally observed by all the Jews throughout the world. This orthodox custom is to observe a fast of two days; but of late a reform has been introduced, according to which only one day is observed. Yesterday was the beginning of the year 5634, according to the Jewish calendar.

BULLION SHIPMENT.—The bullion ship-

ment by Wells, Fargo & Co. yesterday was \$35,000,000.

BROWN'S HALL.—Last night there was

at Brown's Hall a remarkably slim house; but we must say that we can see no good reason why the present company should not be better patronized. They certainly deserve more encouragement than they received last night. "Dora" is a very affecting drama, and Miss Hinkley rendered the title-role in a manner which we can only characterize as beautiful. G. F. Bird acted the part of the old farmer better than we have seen him act before, and showed a talent which we hope to see appreciated in a wider field. "All that Glitters is not Gold" was presented in about the same style as on the preceding evening.

A WINE ACTOR.—Yesterday a gentleman on Upper Main street saw a couple of boys handling a pistol in a manner which might endanger their lives. He took it from them, and finding from their parents that it did not belong to them, he brought it to the office of the Justice of the Peace for safe keeping. It is an old five-shooter almost worthless, but nevertheless dangerous. It is supposed to have been dropped from a passing fruit-wagon. When children come to handling "Whistlers," what may we not expect? Too much care cannot be had in using firearms.

DEATH OF DR. DEAL'S BROTHER.—Yesterday Dr. D. L. Deal, of this place, received a dispatch from Nevada City, Cal., announcing the death of his brother, M. S. Deal, Esq., District Attorney of Nevada county, and for the past seven years editor of the Transcript. Mr. Deal died on Sunday last at Nevada City, aged 37 years.

The proprietors of the San Francisco Chronicle, Chas. DeYoung & Co., write their agent here that they are in no way connected with Gustavus De Young, who is engaged in printing commercial directories, and that Gustavus is not connected with the Chronicle.

THERE were two convictions in the Justice's Court yesterday, both for misdemeanors and both tried before Justice. This is indicative of a better public sentiment than existed in Pioche heretofore.

DEPARTURE.—Capt. H. H. Day, Superintendent of the Raymond & Ely mine, leaves on the Hamilton stage this morning.

PASSENGERS.—John Farrell, J. Finlay-

son and Miss Frank Dowd, are announced to arrive to-day's Hamilton stage.

TO RENT.—The spacious building

formerly occupied as the Record office, having been thoroughly repaired, lined and papered, is offered for rent at a low figure. For particulars apply to the office of the Daily Record, in McNeill's cigar store, Main street, opposite Meadow Valley.

FINE HORSES.—Cinque Barues will

arrive in Pioche on Monday, the 23d inst., with 250 head of young horses. Upwards of 100 head are well broken, kind and gentle in harness or under the saddle. As Mr. Barues will only remain here a few days, those in want of good animals will do well to make a note of the above.

We would call the attention of our

readers to the advertisement in another column of the Brooks Sewing Machine Co., of New York; they advertise, what is indeed a valuable invention, a first-class sewing machine for five dollars.

Is Konigsberg one of the members of

the old Catholic congregation died recently,

and the remains were brought to the

Catholic cemetery for interment. The

protest, however, interposed and

ordered the gates of the graveyard to be

closed. The police, appealed to by the

widow, declined to interfere. The body

was at last buried by order of the Board

of Health in the most convenient place

that could be found.

It is not often that we hear of a

mother-in-law killing her son-in-law with

a hatchet or gun. Their style of murder

is generally more insidious, but no less

deadly. Mrs. John D. Dickinson, of La-

mar county, Texas, shot her son-in-law,

Robert Little, for abusing his wife and

following her to Mrs. Dickinson's house.

He went around a corner and fell dead.

Mrs. Dickinson has been held in \$1,000

bail.
